

WASHINGTON

FEED BAG RECYCLING CENTERS

Bio-Oregon fish feeds are packaged in 20 kg (44 pound) plastic bags. The bag material is low density Polyethylene (4-LDPE) and is readily recyclable at most recycling centers. Please use the charts below to determine the best location for you. It is recommended to contact the recycling centers before departure for specific details. Empty bags are accepted.

Use these charts to help determine where you can take your empty Bio-Oregon feed bags.
