

BioPro

Health Promoting Diet

The best health diet just got better: Many years of cutting edge Research and Development have gone into the design and formulation of BioPro. The result is a diet that helps your fish successfully overcome stressful situations. Whether the stress is caused by adverse environmental conditions, bacteria, viruses or parasites, grading, transfer or handling, BioPro gives your fish the best chance to perform at their optimal level.

How does BioPro work?

Shields: Together, the outer surfaces of the fish; the skin, gut and gills, make an effective shield from adverse environmental conditions. BioPro helps strengthen these essential barriers. BioPro contains antioxidants, zinc, organic acids & essential oils. BioPro stabilizes gut micro-flora, supports gut health, protects the skin and improves wound healing.

Supports: The fish's defense system is dependent on a strong immune system. BioPro strongly supports immune functions, limits oxidative stress, and helps reduce inflammation. It also supplies building blocks for new cells. BioPro contains Beta-Glucans, nucleotides, elevated vitamins & minerals to fortify the fish's reserves of antioxidants and vitamins.

Balances: Fish live in a potentially threatening environment and are vulnerable to critical changes in their surroundings. BioPro contributes positively to maintain the complex balance between fish, hostile microbes and the environment. BioPro contains recently discovered functional ingredients that help to protect against viruses and parasites, improves feed intake, digestion and the availability of nutrients.

Composition

Feed Size	Protein Min.	Oil Min.	Moisture Max.	Fiber Max.	Ash Max.	DE (MJ/KG)	Fish Size Grams	Fish Size # Fish/lb.
# 0	53%	18%	8.5%	1.0%	12%	18.9	0.15 - 0.8	3000 - 570
# 1	52%	20%	8.5%	1.0%	12%	19.3	0.8 - 1.5	570 - 300
# 2	52%	20%	8.5%	1.0%	12%	19.3	1.5 - 3.0	300 - 150
1.2	50%	22%	8.5%	1.0%	13%	19.6	3.0 - 5.0	150 - 90
1.5	50%	22%	8.5%	1.0%	13%	19.6	5.0 - 8.0	90 - 60
2.0	50%	22%	8.5%	1.0%	13%	19.6	8.0 - 18	60 - 25
2.5	50%	22%	8.5%	1.0%	13%	19.6	18 - 40	25 - 11

Individual results from the use of Bio-Oregon feed products may vary due to management, environmental, genetic, health and sanitation differences. Therefore, Bio-Oregon does not warrant or guarantee individual results.
